

We just wanted to voice our concern about how this will impact what we consider to be some of the best programs currently on our airwaves. K-LOVE radio has brought such positive music and messages to our home and our daily lives. We are constantly bombarded everyday with so many negative things, not only in our everyday activities but also on TV, on the radio, and on the internet. It is nice to know that we have at least one thing (K-LOVE) that we can listen to that can literally reach in and touch your heart, mind and soul. It teaches us good morals and values, and encourages us to be the best person possible. Unfortunately there are not many things these days that can offer what K-LOVE has brought into our lives - HOPE - not only for our future, but that of our children. Thank you for your time and we pray that you take these thoughts into consideration when deciding whether or not to replace K-LOVE & other existing programs such as this with another LPFM program.
